REILA EDITION

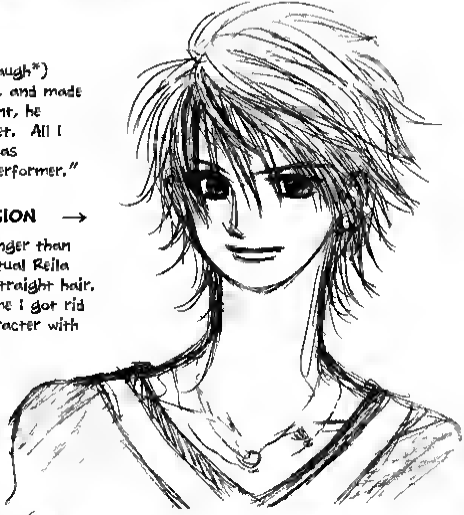
ORIGINAL DRAFT?!

He had a fluffy perm. (*laugh*) "Who is this?" I wondered, and made changes, but... At this point, he didn't even have a name yet. All I had for him was that he was "Haruto's rival" and a "performer."

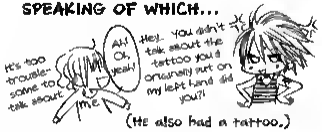
FINAL VERSION →

He became younger than before. The actual Reila ended up with straight hair. [Huh? How come I got rid of my one character with a perm??]

At this time, I had decided that he would be an "established singer". His debut song is called "Diamond Party" (*laugh*).



SPEAKING OF WHICH...



It's too trouble-some to talk about.
me
Ah! Oh, yeah!
Hey. You didn't talk about the tattoo you'd originally put on your left hand did you?!

(He also had a tattoo.)

Next Time is Mio and Touta! (maybe....)
